

MAKE YOUR OWN slime!

Take a plastic container & stirrer from the stack.

Open the container and pour 1/4 cup of water into it.
Stir for two minutes.

Choose a cup with the color that you want your slime to be. Pour 1/4 cup of glue and 1/4 cup of water into the cup. Add 4 drops of food coloring.

Stir with a plastic spoon for a minute.

Pour the first solution slowly into the glue solution while stirring. Stir for another minute.

Remove solution from cup and knead for one minute... and you're done!

Return to plastic container.

Dispose of any remaining water.

ENJOY YOUR SLIME!
